

Thule Chariot Cheetah Rain Cover

➤ Instructions

GENERAL WARNING

- Never leave a child unattended in the Thule child carrier and store the rain cover out of reach of children to avoid any possibility of suffocation.
- Ensure that the rain cover is dry before storing to avoid mildew.

NOTICE

When used in conjunction with the two-in-one cover; install and close the rain cover over top of the two-in-one cover.

USING THE RAIN COVER

- To put the cover on the carrier; remove the handlebar and slide the holes at the top of the cover over the upper frame. Ensure that the cover is not inside-out.
- To close the cover; pull down on the Velcro tabs at the bottom of the cover and secure them onto the front of the carrier.
- To open the cover; pull the Velcro tabs off of the front of the carrier.
- To remove the cover from the carrier; remove the handlebar, open the cover and slide the top of the cover up, off of the upper frame.
